EXPERIENCE

INTERIOR DESIGNER ISTA HERAM PARS, TEHRAN, IRAN

April 2021- April 2023

Generated 3D models using CAD software such as AutoCAD, SketchUp or Revit.

Managed multiple projects simultaneously while adhering to strict deadlines.

Provided creative solutions for challenging design problems by exploring various options.

Collaborated with clients to understand their needs and preferences in order to create customized designs.

Advised customers on space planning, layouts, and color coordination for interior design projects.

Conferred with client to establish budget, design preferences, purpose and function.

Assisted in selecting appropriate finishes including flooring, wall coverings, paint colors.

Used computer design applications to prepare and illustrate final plans.

Created detailed drawings, plans and sketches to illustrate the desired look of a space.

ARCHITECTURAL DRAFTSMAN, PISHGAMAN, TEHRAN, IRAN

December 2011 - March 2023

Created accurate drawings for construction projects based on given specifications.

Performed site visits as needed to assess existing conditions and verify measurements.

Participated in client meetings to discuss project details including feasibility studies and budgets.

Collaborated with engineers and architects to ensure designs were up-to-date and met all standards.

Ensured accuracy in the preparation of drawings by conducting regular reviews.
